

The 7th Electrolytic Manganese Metal International Summit

Dear Delegates:

Sponsored by Ferro-Alloys.com, Tianyuan Manganese Industry and Jinlong Manganese Industry and Jingjin Environmental Protection Co., Ltd, “Seventh International Conference for Electrolytic Manganese” will be held in Yinchuan, Ningxia on August 21st to 24th, 2019. By then, electrolytic manganese producers, trade companies, upstream and downstream customers as well as service enterprises such as environmental protection equipment, logistics and inspection will be sincerely invited in the form of “industrial report, business exchange and visiting factories”. Also, top 10 electrolytic manganese producers and export integrity enterprises will be selected by authority through voting on line and will be granted certificate of honour or medal.

With strong support of Tianyuan Manganese Industry on Electrolytic Manganese Conference 2018, the electrolytic manganese related enterprises from all over the world visited Tianyuan Manganese Industry, which impressed the delegates deeply. With overseas manganese ore resources and its own full process supporting company as well as electrolytic manganese company which the yearly capacity reaches 800,000 tons, Tianyuan Manganese Industry is the largest electrolytic manganese enterprise in the world and is expected to become the largest manganese ore enterprise in the world. Therefore, production and operation state of Tianyuan Manganese Industry determines China’s and the world’s market change of electrolytic manganese and manganese ore directly.

In order to enable more insiders to understand and investigate Tianyuan Manganese Industry,

Ferro-Alloys.com has determined to hold “**Seventh International Conference for Electrolytic Manganese**” in Yinchuan, Ningxia on August 21st to 24th, 2019 with strong support of Tianyuan Manganese Industry again. The invited industrial experts will contribute good ideas to “industrial development, market judgment, trade cooperation” and other topics.

The conference is strongly supported by Tianyuan Manganese Industry and Jinlong Manganese Industry and will also invite enterprises in the industry sincerely to support and sponsor to create a more unforgettable high-level electrolytic manganese conference. We will sincerely invite electrolytic manganese series producers, traders, ore, selenium dioxide, sulfuric acid, high-silicon silicomanganese, ferromanganese, equipment and stainless steel enterprises, electric power, logistics, commercial inspection and other relevant enterprises as well electrolytic manganese purchasers of European, American, Japanese, Korean, Indian and domestic steel iron and steel enterprises.
